It's important we practice COVID measure in these times, below are some of the recommended measures;

- Wash your hands thoroughly with an alcohol based hand sanitizer or with soap and water.
- Maintain social distancing especially amongst the vulnerable people such as elders and/or those with underlying health conditions (Keep a distance up to 6 feet with anyone who is coughing or sneezing).
- Avoid touching your eyes, nose, and mouth.
- Practice respiratory etiquette (cough/sneeze into a sleeve, throw used tissues in a closed garbage can)
 - If you have a fever, cough and/or difficulty breathing, seek medical care immediately.
- Limit all non-essential travel, people returning from high risk regions must undergo a 14 day self isolation period.
